Projects	Development and implementation of 3 individual, 20 collective academic projects and 20 applied projects (see Annex)

Scientific Interests:

The main field of scientific interests are international economic relations. More specifically, his academic and scientific work is focused on the theory of trade and integration, trends in international trade (especially the development of foreign trade of Bulgaria, the countries of Sub-Saharan Africa, as well as global trends), regional integration agreements (with a focus on the processes of regional economic integration in Africa and EU integration from the point of view of Bulgaria), the economic development of Africa and the continent's relations with the EU and Bulgaria. In addition, research interests include regional development (mostly in relation to the place of Bulgarian regions in the EU), sustainable development, social entrepreneurship and entrepreneurship in general, modern development of economic theory and research methodology.

Selected academic projects

Project	European Reform University Alliance (ERUA)
Dates	11/2023 -
Employer	New Bulgarian University (Erasmus + European Universities Initiative, EACEA.A – Erasmus+, GAP 101124451)
Activities	From 2023 Project Coordinator for the NBU, Head of Work Package 1 "Project Management" for the NBU. 2021-2013 - member of the University Council, member of the team under work package 2 "Reimagining Higher Education and Research", coordinator of the "Research Support Group" in RP2
Project	Bulgaria in international economic specialization
Dates	7.2018 – 6/2020
Employer	Institute for Economic Research at BAS
Activities	Responsible for part "The changing patterns of global trade and Bulgaria's place in them".
Project	Economic aspects of demographic and migration changes in the EU and Bulgaria
Dates	12.2016 - 6.2018
Employer	Institute for Economic Research at BAS
Activities	A collective project from the research program of the BAS led by Prof. D.Sc. Rositsa Rangelona and participants Assoc. Dr. Daniela Bobeva, Head Assistant Dr. Eduard Marinov, chief assistant Dr. Dimitar Zlatinov and Assistant Professor Dr. Valentin Bilyanski Responsible for Analysis of the development of the European policy in the field of migration; Deriving definitions (economic and legal) of basic categories in the field of immigration; Processing and analysis of data from a survey of Bulgarian students who made trips through "student brigades"
Project	Bulgaria in the post-crisis world economy: foreign trade and foreign investments
Dates	11.2016 - 5.2018
Employer	Institute for Economic Research at BAS
Activities	Responsible for Analysis of main trends in world trade; Geographical structure of Bulgaria's trade; Bulgaria's foreign trade relations: effects of EU membership and the post-crisis development of the world economy.
Project	Possibilities and prospects for Bulgaria's foreign trade relations with the countries of Sub-Saharan Africa
Dates	4/2016- 7/2017
Employer	Bulgarian Academy of Sciences - Program to support young scientists
Activities	Within the framework of the project, with the help of in-depth research, the attitudes of Bulgarian business towards the opportunities and actual foreign trade relations of Bulgaria with the countries of Sub-Saharan Africa were studied and evaluated. The dynamics, geographical and commodity structure of trade with these countries are analyzed. On this basis, the potential benefits and possible priority actions in the field of commercial cooperation on the part of both the companies and the state to develop commercial relations with the region have been identified. The project was awarded the Certificate for an excellent project in the direction "Man and Society" under the joint program of the Ministry of Education and Science and the BAS "Supporting Young Scientists" for 2016.

Selected applied projects

Project	Game of Business: Simulation Environment for Entrepreneurial Education" (Erasmus + No. 2020-1-BG01-KA201-078958)
Dates	11/2021-4/2023
